eized the government of Russia by force from the democratic constituent ssembly after the latter had overbloodshed. The Paris commune, he said, was on a comparatively small scale an example of the terrible conditions communism or bolshevism had

brought about in Russia, In declaring that there was widespread socialistic agitation in this country, Mr. Goldstein asserted that in 71 large universities and colleges of the United States socialism was being taught in the guise of work of interollegiate socialistic societies.

The complete centralization of the wnership of land and industries under olshevism was pointed out by the speaker with reference to the disasrous economic results which cannot fail but follow such a course. The bad moral conditions brought about by bo shevism was stressed in Mr. Goldstein's references to free love as nov practiced in Russia, and under which the event constitutes marriage. Divorce is obtained by either one of the ontracting parties filing notice of that event. In support of his various statements Mr. Goldstein read from the Russian soviet constitution.

The moral and religious side of boishevism was the main concern of Mr. Goldstein's address. Socialism's atheand attitude toward the family and the two daughters of Karl Marx, father of modern socialism, cited as At a recent convention of the Demo-crats in Germany a resolution was teach free love but in some cases passed which favors a woman's section practice it. The guests of the San Marcos as well as the many friends in Phoenix are very pleasantly anticipating the opening musical to be given under the direction of Mrs. Helen Boyle Haworth at the hotel Sunday evening, Jan. 25. Special interest in the first of these series of musicals is added by the fact at the personal solicitation of her partropesses. Mrs. Haworth herself will tronesses, Mrs. Haworth herself will be the vocalist for the evening. With her will appear Robert Saunders, a vionist of the very first rank, who was

night throughout the season. Golfing still holds first place in the hearts of the out-of-door crowd at the San Marcos. Perhaps the most notable vent of the week on the links took place when Louis Montressor, the assistant professional, made a 33 on the first nine holes in a late foresome. With this start his friends were betting that he would lower the record of the links for the 18 holes. Luck was against him, however, it taking him 26 strokes to finish the last nine holes. However, it is not at all unlikely, the way they are playing that both Harry Collis and Louis will make a new record before the season is over. There were the usual number of private luncheons and dinners given at

the hotel during the week.
